THE ABOUT

FOUNDERS

RANDY RAY and WENDY LEWIS

Randy Ray
Founder, CEO
Chief Executive Officer

Randy and Wendy have been involved with multi-level marketing for eighteen years, including co-owning MarketQ, Inc. They have provided service and support to the industry with back office software, commission processing, and full customer service.

Randy and Wendy have continuously created a unique business opportunity for thousands of distributors in countries all over the world. They have worked directly with large companies, corporations, and industry experts, implementing the latest in innovative technologies to increase efficiency and improve productivity. As a direct result of their efforts, they have experienced rapid growth on a global scale. Working together in a mutually beneficial and collaborative partnership, Randy and Wendy continue to provide new and sustainable business opportunities to people worldwide.

Wendy Lewis
Founder, COO
Chief Operations Officer

Wendy and Randy started their multi-level marketing adventures eighteen years ago as distributors and then owners of MLM companies and support companies. Under their visionary leadership, these companies have flourished. With offices and distribution centers operating worldwide and a network of more than 300,000 distributors in over 100 countries and territories, they have paid out over \$338 million in commissions. Multi-lingual customer support, in-house shipping, on-staff professional software programmers, and a proprietary web-based Back Office system are only a few of the many examples of what they have accomplished.

Over the years, Wendy and Randy have been active donating financial assistance, fundraising, participating in hands-on volunteer work, and launching a global ecological campaign to benefit several charitable organizations. Most recently, they launched Jeunesse's very own non-profit charity—Jeunesse® Kids—which is dedicated to reaching out to children in need, both internationally and domestically.

Scott Lewis
CVO
Chief Visionary Officer

Scott was exposed to multi-level marketing at a very young age; he attended his first industry event at ten. He also gained a great deal of experience working for a multi-level marketing support service company owned by Randy and Wendy. This early learning opportunity gave Scott the ability to recognize existing and emerging market trends as well as operational strengths and weaknesses in a variety of companies in the industry.

Scott has a proven track record of success. Before taking on his current role as Chief Visionary Officer and overseeing the strategic direction of the company, Scott worked as Vice President of Global Operations, implementing the global infrastructure for Jeunesse®. Scott believes in maintaining a relationship-oriented foundation with grounded ethical principles. He is consistently setting new standards while maintaining compassionate and professional relationships with all distributors. He is confident that what sets Jeunesse® apart as a company is a deep-rooted concern for the well-being of its distributors.

Scott and his wife, Isabel, travel extensively and work closely with Jeunesse® leaders from around the world; both are extremely passionate about seeing distributors thrive. Jeunesse® is more than just business, it's family. Scott's vision is not only to maintain this standard, but to elevate it so that it permeates every facet of the Jeunesse® identity and culture.
